

# SofTouch™

ECG Electrodes for Sensitive Skin

## FEATURES

### HYPOALLERGENIC

Hypoallergenic, and not made with natural rubber latex. Breathable tape backing allows you to see under the electrode during use.

### WET GEL

Provides instantaneous readings, reducing prep-time

### FOR SENSITIVE SKIN

Mild adhesive is gentle on the skin and ideal for when repeat procedures are necessary.

### REDUCED ARTIFACTS

Increased surface area coverage ensures proper adhesion, reducing artifact.

Vermed SofTouch™ Electrodes are designed for patients with sensitive skin.

## PACKAGING

### RESEALABLE BULK POUCH

Ziplock pouch contains 30 or more electrodes

### CASE

FDA / GS1 Compliant Labels

**HYGIENIC, DISPOSABLE SINGLE-USE PACKS**  
Reduces risk of cross contamination of unused electrodes

### INNER BOX

Single use packs are packaged in inner boxes within the case

# SofTouch™

ECG Electrodes for Sensitive Skin

Designed for patients with sensitive skin, the large size and gentle materials of Vermed SofTouch™ Electrodes ensure comfort for patients who have had reactions to your primary electrode, or elderly patients - especially those in Cardiac Rehab, ICU, CCU and Med-Surge departments.
